Cucumber Dip with Sour Cream & Dill

Ingredients:
- 1 cup Mayonnaise
- 2 tsp dried dill
- 1/4th tsp seasoning salt
- 1 tablespoon dried minced onion
- 1 cup whole fat sour cream
- 1/8th tsp ground pepper
- 2 tablespoons dried parsley

Directions:
- In a bowl, add and mix up mayo, dried dill, seasoning salt, dried minced onion, full fat sour cream, cracked pepper, and dried parsley.
- Once dip is thoroughly mixed, put in fridge overnight so flavors can combine and meld together. This also allows the minced onion to soften in the dip.
- Mix well just prior to serving.
- If you want to serve same day, you have to omit dried onion (or understand it will have a little crunch) and use either onion powder or real minced onions in its place for the flavor.
